

Directions to Danish American Center at 3030 W River Pkwy, Minneapolis

Take **36/35W** south to **280**, which dumps you into **94 West**. After the river, take the first exit onto **26th/Riverside**. Because of construction, you have to go through the light before you can go left over the highway.

Stay straight to Franklin Ave and take a left at that light. Watch for the turn to the right onto **W River Pkwy**. Continue south on W. River Pkwy about one mile.

After you go under the Lake Street Bridge, take a sharp right and then an immediate left onto **48th Ave South**.

The Danish American Center is on the left, with a small parking lot. There is no direct access to the building from West River Parkway.

If you miss the turn, you will have to take the next right on **32nd Street** and loop around, going right on **46th**, right on **Lake** and **47th**, then left on **31st**:
